Summary

Highly skilled software developer with over 2 years of experience in building modern web applications using React, JavaScript, TypeScript, and Redux. Proficient in designing and implementing scalable and maintainable solutions that meet the needs of a wide range of users. Strong ability to troubleshoot and debug complex issues, and effectively communicate technical concepts to both technical and non-technical team members. Seeking a challenging and rewarding role where I can continue to grow and contribute to the success of a dynamic organization.

Experience

Frontend Developer

CodeAlgo Academy

Sep 2022 - Present (5 months)

As a Front-end developer at CodeAlgo, I was responsible for designing and implementing intuitive and visually appealing user interfaces for our web applications. I used technologies such as React, Next, Redux, CSS, Axios, and JavaScript to build responsive layouts that worked across a range of devices and browsers.

I also worked closely with the backend development team to integrate the front end with the RESTful APIs they were building. In addition to my technical responsibilities, I also participated in agile development methodologies, collaborating with cross-functional teams to ensure that our products were delivered on time and met the needs of our users.

Through my work at CodeAlgo, I gained valuable experience in building modern web applications and working effectively in a team-oriented environment."

Frontend Web Developer

Upwork

Nov 2021 - Oct 2022 (1 year)

As a frontend freelancer on Upwork, I have had the opportunity to work on a wide range of projects for clients across various industries. My responsibilities have included designing and implementing responsive and user-friendly websites and web applications using technologies such as HTML, CSS, JavaScript, and React. I have worked closely with clients to understand their business needs and create solutions that meet their specific requirements.

I have also managed my own time and workflow, consistently delivering high-quality work on deadline and exceeding client expectations.

Through my work on Upwork, I have gained valuable experience in delivering freelance projects to a diverse set of clients and building strong relationships with them.
